

LIVE-IN CABINS 88mm - 114mm

Come complete with:

- Wall logs
- Logs with Chalet cut for wind and rain resistant corners
- Tongued & grooved roof & floor boards
- High quality doors and windows
- Our houses are easy to install – there is a detailed installation manual in 5 languages in pack
- Option Roofing felt or shingles
- Pressure treated foundation joists
- Storm protection: wind braces or threaded rods (70 mm houses)
- Assembly kit

PRODUCTS

We are pleased to present a comprehensive range of Log Cabins, Weekend Houses and Saunas in many shapes and sizes. Our buildings are very flexible in that they all come in an easy to assemble self-build kit or can be erected by one of our team of fitters.

RAW MATERIAL

Our log cabins and garden houses are produced with high quality Nordic spruce, which is well known for its beneficial properties all over the world.

The cold winters and short summers of Scandinavia bring about a slow growth rate of timber, providing it with longevity and durability.

QUALITY SERVICE

Lakeland Log Cabins' ethos is quality first. Our cabins and saunas are second to none and we commit fully to the supply of products of which we are very proud.

DELIVERY

Local delivery is free. Extra charges may apply on some products to certain areas such as Scottish Highlands, Northern Island, Eire, Guernsey and Jersey. Please contact us if you are in any doubt.

CUSTOMER SERVICE

With Lakeland Log Cabins you will get a friendly, efficient, professional service.
